## Microwave school set

## March 17 at ACHS

A Microwave Cooking School will be held in the Home Economics Department at the Appomattox County High School beginning Tuesday, March 17.

The class is scheduled to begin at 7 p.m. and end at 9 p.m. for the four consecutive Tuesday nights. A fee of $5.00 will be charged to each person participating in the school.

Registration for the class may be made by calling the Appomattox County School Board Office (352-8253) between the hours of 8:30 a.m. and 5:00 p.m. It is most important that persons desiring to take this class pre-register with the coordinator of Adult Education, Mr. R. B. Carter.

The class, which is divided into four lessons, will operate as follows:

**Class One** - Microwave Basics and Introductory Cooking - Demonstrations of food preparation of beef, pork, vegetable basics, cakes and quick breads.

**Class Three** - Adapting Conventional Recipes and Advanced Cooking Techniques - Demonstrations on preparation of poultry, yeast breads, pastries and beverages.

**Class Four** - How to Make the Most of Your Microwave Oven - Demonstrations on cooking casseroles, pastas, cereals, fish and other seafoods, and cookies.

The instructor for the class will be Mrs. Joan C. Elledge, a consultant for Litton Microwave Ovens. Mrs. Elledge has been a consultant to Litton for the past four and one-half years and holds a BS and MS degree in Home Economics.

## Students study mythology

Students in Miss Gilliam's third-grade class recently completed studies in Greek and Roman mythology.

Lesson activities included reading and listening to myths from books in the school library, conducting independent research with materials from home, incorporating words on weekly spelling tests, enjoying a mythology lesson presented by students from Mrs. Eye's sixth-grade class, and developing myths with accompanying picture strips.

The basic elements comprising all myths were studied, as well as the traits and powers of significant mythological characters and creatures.

A final activity required each student to create his own "creature in mythology" and present a description of its name and powers to the class.

One Bed Room Down and Two Up

## COUNTRY RUSTIC STYLE PLAN WITH FRONT PORCH

FEATURE HOMES

© By W. D. FARMER

This charming country rustic style plan offers many features desired by first time house buyers as well as second or third time house buyers. For the young couple, it serves as an "Add to" house. Build the first floor now and add the bed rooms up stairs as they are needed. Additional space is also available in the basement, entrance to which is from the middle hall. For the second or third time builders, it offers all the features usually found only in much larger plans.

The first floor has, in addition to large foyer, a separate living room and separate dining room each with good wall space. The large kitchen and breakfast room are extremely well-liked features and the laundry area adjacent to the breakfast area offers extra convenience.

There is one large bed room on the first floor with large Mr. & Mrs. closets. The bath on the first floor connects to both the bed room and the hall. The second floor has two large bed rooms and a full bath, plus plenty of closet and attic storage.

The comfortable family room with fireplace, opens both to the front and rear yard and joins the house with the garage.

All room sizes shown are clear inside dimensions. All W.D. Farmer plans include special construction details for energy efficiency, and are guaranteed to meet F.H.A. and V.A. regulations. Front wall changes for B front pictured are shown on the actual working drawings.

The plan is number 729B, it includes a total of 2,046 square feet. For further information on this plan, write W.D. Farmer Residence Designer, Inc., P.O. Box 49463, Atlanta, Ga. 30359.
